European Conference on Rare Diseases

## *From Policy to Effective Services for Patients*

**Programme and registration: [www.rare-diseases.eu](http://www.rare-diseases.eu)**

The European Conference on Rare Diseases is the unique platform/forum across all rare diseases, across all European countries, bringing together all stakeholders (academics, health care professionals, industry, policy makers, and patients' representatives).

It covers research, development of new treatments, health care, social care, information, public health and support at European, national and regional levels.

It is a biennial event, providing the state-of-the-art of the rare disease environment, monitoring and benchmarking initiatives.
